Radio Drive
Featuring Kevin Gullickson
"In The Light"

"**In The Light**" is the 6th full album for **Radio Drive featuring Kevin Gullickson**. As with his last few recordings, Kevin recorded the album at his home studio in a suburb of St. Paul, MN. He began recording late fall 2018 and continued through the winter. On the album, Kevin plays all guitars, keyboards, bass guitar, vocals and harmonies. He used midi drums as a placeholder, which would be replaced by real drums later in the process.

The next step was to find the right studio to do the mix and mastering.   Kevin shopped around and connected with **Grammy nominated** engineer, **Bryan David** of **Anthem Recordings**. They met through an online community called **AirGigs**, which is where Kevin also met up with Italian drummer, **Matteo Andrigo**, who plays all drums on the album. Kevin sent Matteo the songs and he recorded his drum parts at a studio in Italy, then sent the sound files back to Kevin, who added them to his songs. The files were then sent on to Bryan, who put his creative talent to work mixing and mastering. The album was then released in August 2019.
